(t) Transfers - Some players may appear on two team cards. These players will be noted with (t) following their name on both teams. This is to help avoid situations where the player could score for both teams when they play each other. If you roll a goal or card for the same player for both teams, the team on which the player is more prominent (ranking higher on the team list) should apply. For his secondary team, just round the goal up to the next player.
